Re: Notification of filing a NOI for Leverett Pond in Leverett, MA

Anticipated date of submission to Leverett Conservation Commission: 11/02/2020 or 12/7/2020

The proposed project is seeking approval to conduct an Aquatic Weed Management Program at Leverett Pond in Leverett, MA. This program will focus on the reduction and subsequent control of the excessive aquatic nuisance and invasive vegetation through the use of USEPA/State registered herbicides, hydro-raking and mechanical harvesting. The proposed project aims to protect the interests of the Wetlands Protection Act by retarding eutrophication and improving fisheries habitat value. The FLP has been notified on October 1, 2020 that the pond treatments proposed do not require a MESA filing.

Reviewing Conservation Commission: Leverett Conservation Commission
9 Montague Road, PO Box 300
Leverett, MA 01054

Copies of the NOI may be examined or acquired from the Leverett Conservation Commission (leverettconcom@gmail.com), or by contacting the Friends of Leverett Pond, Inc. at mulholland@anthro.umass.edu, or 413-531-2730 Monday thru Friday from 8AM-4:30PM (E-Mail is best). See Leverett Conservation Commission website for the meeting schedule for exact dates and agendas.
