

Online Workshop: Safe Drinking Water in Private Wells

Learn about Proper Management of Private Water Wells

Did You Know?

Thousands of people in Massachusetts rely on private water wells for their drinking water. These wells are the responsibility of the homeowner. It is up to you to make sure that your well is providing clean drinking water and we want to help!

Wednesday, December 2, 2020

6:00 pm - 8:00 pm

REGISTER:

<https://bit.ly/MA-Well-Workshop>

Please note: There is no cost to attend, however advance registration is requested.

Workshop will provide information on:

- *Water well basics & construction*
- *Maintenance & management of existing water wells*
- *Solving water quality & quantity problems*

This workshop is funded by the US Environmental Protection Agency, through a grant to the Rural Community Assistance Partnership (RCAP), a non-profit organization that provides technical assistance to rural water and wastewater communities. RCAP Solutions is a regional affiliate of RCAP. For more information visit: www.rcap.org

RCAP is an equal opportunity provider and employer and does not discriminate against qualified individuals with disabilities.
